Collaboration: Agile/Scrum, Cross-Functional Collaboration, Design Handoff, Stakeholder Communication

PROFESSIONAL EXPERIENCE

UI/UX Developer | Avloire Web Gaming, Sheikh Zayed Road, Dubai, UAE *May 2025 – Present*

- Design end-to-end user experiences, from wireframes and interactive prototypes to high-fidelity UI in Figma, for responsive web applications.
- Build responsive front-end interfaces with HTML5, CSS3, JavaScript, converting Figma designs into pixel-perfect, production-ready code.
- Create and maintain a design system and library of reusable UI components, improving design consistency and speeding up development.
- Run user research and usability testing to identify pain points, then iterate on designs to improve usability and customer journeys.
- Improve page performance and accessibility (WCAG) using UX best practices and front-end optimization.
- Collaborate with product managers and developers in an Agile environment to align design with product goals.
- Increased user engagement and conversion rates through data-informed UX improvements.

Web Developer | Bestone Meest IT Services, Noida, India *Oct 2023 – Jan 2025*

- Converted design concepts and Figma mockups into clean, responsive, cross-browser-compatible websites using HTML, CSS, JavaScript and Bootstrap.
- Designed website layouts, UI graphics and page interfaces in Figma with a focus on intuitive navigation and usability.
- Ensured consistent performance across desktops, tablets and smartphones using responsive and mobile-first techniques.
- Built and customized responsive WordPress websites, including theme customization, page builders, custom page templates and landing pages tailored to client requirements.
- Installed, configured and maintained WordPress plugins, widgets, menus and forms; handled content updates, backups and routine site maintenance.
- Optimized WordPress site speed, mobile responsiveness and on-page SEO to improve load times and search visibility.

Web Designer Executive | Religus Consulting, New Delhi, India *Feb 2023 – Aug 2023*

- Conducted user research and usability testing to gather insights and guide design decisions.
- Partnered with developers to deliver design solutions and with marketing teams to align designs with business goals.
- Applied web accessibility standards and SEO-friendly design practices to improve usability and search visibility.

Graphic & Web Designer | Webmaddy, Kolkata, India *Mar 2022 – Jan 2023*

- Managed website projects, ensuring cross-browser and multi-platform compatibility.
- Designed icons, web banners, and website visuals using Adobe Illustrator and Photoshop.
- Maintained and updated company websites, including publishing financial year reports and content.
